Accommodation Solutions

Semper

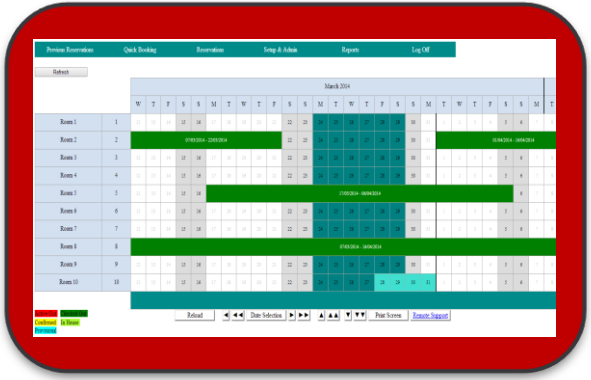

Extend your reach around the world and get more bookings

- Implement the easiest and most advanced system in SA
- Do all this in the most cost effective way

Semper

Implement a very easy to use Reservation System

- 100% Cloud based (all you information stored in the cloud - no loss of information or backups required)
- Runs on tablets and cell phones (work on the go)
- Integrates with more world wide channels than any other system
- Has all the functions and features required to manage your venue
- Solid management controls
- No installation or training costs
- Easy Upgrade to Enterprise Edition

Semper

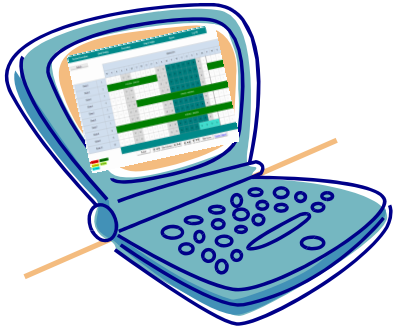

The Lite Reservation System

People can work with the same information from any location in the world on a PC, Laptop , Cell phone or Tablet

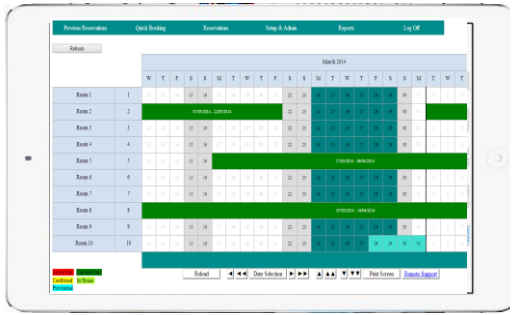

Internet

Manager at the venue

Owner in the car using a Tablet and 3G connection

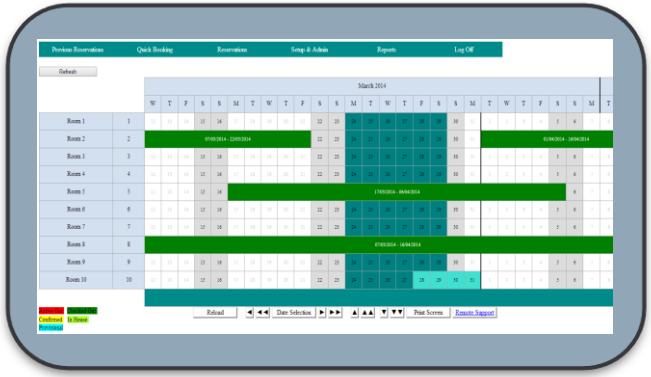

Reservations in London

Semper
